The Avery Dennison/Mutoh Wrap Training Program is designed to provide wrap installers with an in-depth understanding of graphic installation mechanics to gain a competitive advantage in the vehicle wrap industry. The two day workshop will focus on all of the critical steps needed to improve the quality and speed of car wrap installations, as well as techniques for window, floor and wall installations.

Class sizes will be limited to allow for more one-on-one teaching. Training starts at only \$749.

Along with the training, all students will receive a 25 yard roll of full print or color change film and applications tools – a \$700 value!

“The techniques I’ve learned have drastically improved our quality, and our business has taken off. We’re building an excellent reputation for the best quality wraps in the area. Thank you for your knowledge and expertise in helping us grow our business,” shares Edmund Karam of LucentAds.com.
