
For Immediate Release in the U.S., Canada and Latin America

Mutoh America, Inc. officially starts shipping Rotary Attachment for their ValueJet 626UF UV/LED Flatbed Printer

March, 2018 – PHOENIX – Mutoh America, Inc., a leader in wide-format inkjet printers and cutters, today announced they will officially be shipping orders on their new rotary attachment for their ValueJet 626UF UV/LED Flatbed Printer.

“The specialty print market is one of the fastest growing markets for the print industry, shares Mark Rugen, Mutoh’s Director of Product Marketing. “While the ValueJet 626UF printer can print on many flat substrates for awards, photographs and more, adding the Mutoh Rotary unit will give you the ability to print on cylindrical pieces such as glasses, bottles, candles, cups and more.”

The Rotary unit is an optional device for the Mutoh ValueJet 626UF UV Printer. Using the included RIP supplied with the VJ626UF, varnish and white inks can be applied to the surface of the cylindrical objects for a custom effect, even glossy or textured finishes. Print to metal, glass and many other surfaces.

MORE ABOUT MUTOHS ROTARY ATTACHMENT FOR THE VJ626UF

- **Easy, and fast install, just two screws.**
- **Capable of printing on 1.2 to 4.7 inch diameter objects using two roller pitch options.**
- **Adjustable media retainer to accurately place various diameter objects on the roller for consistent printing.**
